PC MOTORS has developed over the years, growing and changing with our customer needs. The foundation and philosophy of PC MOTORS are still the same today as they were in the beginning. With over 8 years of experience behind us you can be sure that we will provide you with a selection of quality used vehicles and nothing but a fair deal.

Whilst thanking all the customers that have done business with us throughout the past years, we welcome new customers.

Regards,

Pierre Ciappara

Managing Director
